Emergency Closure Plan

Special Education Directors and Case Managers,

The North Jersey Elks Developmental Disabilities Agency Schools submitted our emergency closing plan to the Passaic County Education Office. We sent instructional and therapeutic plans home to the families.

We wanted to reassure our sending districts that our professional team of teachers, therapists, nurses and social worker are in contact with our families and we are fulfilling the IEP requirements and responsibilities to the best of our ability during this difficult time.

Please feel free to share this email with anyone else in your district who may require it.

We look forward to working together when we return.

Stay safe and healthy!

Dr. William G. Weiss

Executive Director
