Subject: North Jersey Elks Developmental Disabilities Agency Elementary and High Schools
Open September 2 In-Person and Remote Instruction

Special Education Directors and Child Study Team Members,

We wanted to let all of sending districts know that our elementary and high schools in Clifton will be open for in-person and remote instruction for our students on September 2.

We will follow our approved calendar and are planning to follow a full day schedule.

We are planning to follow all of the CDC and NJDOE guidelines including, but not limited to the following:

1. Wearing of masks, face coverings and other PPE (gloves, gowns, etc.)
2. Social distancing
3. Touchless temperature taking and recording upon arrival
4. Scheduled handwashing and sanitizing
5. Limited student movements in the schools
6. Enhanced cleaning and disinfecting

We know that these are challenging times for all of us.

We also know that we may need to modify our students' schedules and our calendar depending on their health needs and state directives.

As always, we look forward to working closely with you to meet our students' educational, therapeutic, social, and medical needs.

Thank you for your support!

Dr. William G. Weiss
Executive Director
North Jersey Elks Developmental Disabilities Agency
